

## Corporate Bike Rides available from May-September

We provide bike rides of between 35-50 miles, through the rolling hills of North Wales and across the Cheshire Plain.

Our British Cycling/CTC/first aid qualified ride leaders will ensure you experience a memorable and safe afternoon of challenging but enjoyable cycling, with guest riders on hand to provide support and encouragement or even test yourself against should you wish.

We are fully insured and risk manage all our routes. The routes and average speed for our rides can be tailor-made to your needs and routes are made available prior to the event.

In addition to the ride we can offer before and after event hosting including a light pre-ride lunch and post-ride refueling options. Our rides start with an informal route briefing, bike and kit check.

The ride begins and ends at a local pub/cafe, with a coffee and cake stop along the way. Finishing around 5pm, we then retire for refreshments to share our tales of achievement and endeavour or just to sooth the pain in our legs!?

'The ride was really well organized and we felt very safe and well supported on the ride.'

'We have already met up following the ride and are planning to work together in the future.'

'I met people I would never have come across in my normal working environment.'

'It was much harder than I expected but I really enjoyed it especially the sight of the pub sign at the end.'

## Costs

Prices depend on distance, with a base price for 8 riders and includes: 2 British Cycling accredited leaders with race radio, 3rd party insurance (note riders should have their own personal injury insurance if riding regularly on the roads), risk assessed route, rider briefing and de-brief sessions, ride support vehicle (which can also act as technical support, first aid and/or broom-wagon, depending on clients needs).

Further groups of up to eight additional riders can be added to any session for a supplementary charge to ensure a safe 2:8 leader to rider ratio.

### Additional packages include:

- One to one or small groups up to 4, guided rides into North Wales
- Bespoke branded clothing from t-shirts to full race kit
- Hot and cold catering options are available to give riders a nourishing send off and return
- Spot prizes
- Keynote speakers; we have an Olympic medalist amongst our Associates who is available to speak before during and/or after the event
- Celebrity support riders. We have ex professional riders amongst our Associates, so if you want to test yourself against the best just let us know
